Come meet local student artists, winners of the Massachusetts 2010 Junior Duck Stamp competition!

Dec. 11
1:00 pm - 2:00 pm

Saturday Outdoor Skills Workshop Series: Finding Your Way in the Woods

Have you ever found yourself lost in the woods? Join us for an hour long exploration of compasses. You will come away with knowledge of the parts of a compass, of the different types of compasses available, of how to use a compass to take a bearing, and of how to follow a set bearing. Concepts of magnetic North and true North will be discussed as well as the basics of the sport of orienteering. A small orienteering course will be set up on the grounds of the Discovery Center for you to try. While some advanced concepts can be discussed, this program is designed for individuals with very little compass experience. All ages are welcome. **Pre-Registration is Required!** Some compasses will be available for use; however, feel free to bring your own. Much of this program will be held indoors; but, there will be some outdoor components, so dress appropriately.

Dec. 18
10:00 am - 2:00 pm

Nature Crafts!

What exactly can you make with pinecones, sticks, acorns, and other materials found in nature? Join Refuge staff to find out! From 10:00 A.M. to 2:00 P.M. nature craft stations will be set up for you and your family to enjoy. Also, while you are here, tour the exhibits and partake in activities that investigate how many animals have prepared for winter. This program is designed for families with children 5-12.
